> PROFESSIONAL EXPERIENCE

Junior Frontend Developer (React)

Self-study   June 2022 – Present

- Self-study Frontend Developer with a passion for coding and problem solving.
- Built numerous real-world projects to gain a strong foundation in React, HTML, CSS, and JavaScript.
- Demonstrated ability to troubleshoot and resolve complex coding challenges, often by leveraging independent research and creative problem solving skills.
- Proficient in utilizing a variety of front-end development tools and frameworks, including React, React Hooks, React testing library and Cypress.

Recent Projects:

- A food ordering system using React useContext
  https://jacinta8.github.io/cart-food-ordering/
- A book ordering system using React Redux toolkit, RESTful APIs, firebase
  https://jacinta8.github.io/shopping-cart/
- Add tasks using React custom hook, RESTful APIs, firebase, Typescript, React testing library
  https://jacinta8.github.io/task-list/
- Photo grid with search using React useContext, Typescript
  https://jacinta8.github.io/stocks-photos/

Online courses:

- React - The Complete Guide (incl Hooks, React Router, Redux)
- React 18 Tutorial and Projects Course (2023)
- The Complete JavaScript Course 2023: From Zero to Expert!
- Build Responsive Real-World Websites with HTML and CSS
- Cypress: Web Automation Testing from Zero to Hero

Childcare Educator

Buckets Early Learning Center   June 2017 – July 2022

- Collaborated with the lead teacher to develop engaging and creative programs that met the needs of preschool children.
- Encouraged children to participate in group activities and interact with peers, fostering social development and building teamwork skills.
- Designed and implemented diverse classroom and outside activities to promote physical, academic, and social development in all students.
- Consulted with parents on a regular basis to build positive support networks and support continuing education strategies, promoting parental involvement in the learning process.

Online courses:
Diploma of Early Childhood Education and Care (OpenColleges)
